Re: Mark Olson

To Whom It May Concern:

I have known Mark for 22 years. Through that time span, watching him grow from a carpenter to a superintendent, I have found him to be a very knowledgeable construction man. He is competent in all aspects of commercial construction, from foundation systems, tilt wall construction, steel frame to cast in place construction, and interior build outs. Mark has shown he has good knowledge and understanding of commercial buildings. Mark is a steady and dependable person to have on staff.

Respectfully,

Dennis Noland
Manager of Field Services
Saunders Construction Inc.
